Being content with reasonable margins and buying our supplies where the money reaps results, places us in position at all times to offer you best values; it effectually blocks out extravagant prices. It's a satisfaction to you in your purchasing to feel that you'll only be asked the right price for the article, that the price fits the quality, and that the item is always passed on to you at its real worth.

For Summer Wear.

Items that the mid-June needs bring uppermost, that you're just now buying, and naturally wish to purchase where best qualities are the newest, and the prices cannot but tempt you. When you note the qualities, you'll say they are the best bargains you ever saw.

The Shoes You'll Buy

for the summer months are here. Comfortable feet have much to do with your enjoyment. It's the Shoes made on "foot-form" lines, made with a view to the comfort of your feet and by the best makers, that you'll find here—the stylish shapes, the most used colorings, the reliable qualities. The June prices are winning ones. They'll fulfill your wishes for fairness; they'll merit your interest from a style standpoint.

It's a Wise Investment,

is a purchase of one of the Edward Rose & Co. handsomely tailored Suits. It's an investment that invariably leads to happy results. It's to good dressers especially that these suits appeal; it's to men who like to secure style and satisfaction in exchange for their money. No higher than you're asked to pay for other tailoring, but when it comes to actual results, there's hardly a comparison.

It has been eighteen years since Mr. Stevens took up his home in the West, and he has met with good success in his adopted State. During all this long time THE HERALD has been a regular weekly visitor to him, and he says he can hardly see how he could get along without it. May he continue to succeed and to read THE HERALD.

Conductor's Story

A Friend Put Him on the Track to Good Health

Had Been Laid Up for Two Months with Dizzy Spells.

"I have had a stomach trouble for the past three years and last winter I was so that I could not work for over two months. I would have dizzy spells when I could not get out of bed, and when I was lying down it seemed as though there was a hard lump in my stomach. The medicine given me afforded relief only for a time. A friend advised me to try Hood's Sarsaparilla, which I did, and after taking five bottles I am glad to say I never felt better in my life. I do not have any dizzy spells and do not feel the lump in my stomach." A. JACKSON, Passenger Conductor, P. C. & St. Louis Ry., 629 14th St., Louisville, Kentucky.

At last Hartford is to be connected with the outside world by telephone. Arrangements have been entered into by some of the leading citizens of Hartford and the Cumberland Telephone and Telegraph Co., and work will begin on the project at once. The line will be run from here to Centertown, thence to Smallhouse, Godman, Owensboro, &c. We will soon be able to talk to most all our neighboring towns and the large cities. It will bring us in touch with the outside world and be of great benefit to us in many ways. It is thought that the line will also be run to Beaver Dam, though arrangements have not yet been perfected.

Joe Tichenor, Jim Francis and H. E. Faith, all of Taylor Mines, who were arrested a few days since, charged with grand larceny, were brought before Judge J. P. Miller for trial yesterday. Upon the calling of the case, the commonwealth by county attorney M. L. Heavrin, announced ready, whereupon the defendants waived examining trial and their bonds were each fixed at \$100. Failing to execute bond they were committed to jail to await the action of the grand jury next November. These parties are accused of having slaughtered and appropriated to their own use a fat 18-month-old calf, the property of A. C. Stevens.

Dr. G. W. Briggs' lecture at the courthouse last Thursday night was well attended and highly enjoyed. His lecture was in behalf of Prohibition, and was conceded by all to have been the best thing of the kind ever heard here. Parts of it were very touching and brought tears to the eyes of many present. It was a most fair, honest and lucid presentation of the question of Prohibition vs. the Saloon, and was unlike the ordinary temperance lecture in that it appealed to common sense rather than to the prejudices and emotions of people. It was a most respectful and masterly presentation of a question, and abounded in telling points of eloquence and pathos. Dr. Briggs is dearly beloved in Hartford, and his recent visit but served to more firmly seal the bond of friendship.

Now that a moral sentiment seems to be prevailing and the spirit of sobriety seems to be in the ascendancy, we hope that it will spread throughout all the towns of Ohio county. The other towns of the county should take up the key-note sounded by Hartford and drive out every vestige of the liquor traffic. It can be done, if the citizens will only unite together and do it. Hartford Redeemed.

PROHIBITION CARRIED BY A HANDSOME MAJORITY.

The Saloons Voted Out by a Majority to Both Sides

TOTAL VOTE CAST 168; MAJORITY 36.

Last Saturday was election day in Hartford. The proposition submitted was:

"Shall the sale, barter, loan of and traffic in spirituous, vinous and malt liquors be prohibited in the town of Hartford, Ky., and shall the law now in force in said town allowing the sale, barter, loan of and traffic in such liquors in said town become inoperative?"

To this proposition 99 men voted "yes" and 69 men voted "no." Thirty-four votes were cast in East Hartford and five votes were cast in West Hartford. The vote was fifty-five for saloons and sixty-five against them. Both precincts voted decidedly against the saloons, the first named by twenty and the latter by ten majority, making a majority of 36 out of a total vote cast of 168.

The result of the election was quite a surprise to the people comprising both sides of the saloon question. When the question was submitted three years ago, there was much interest manifested and the vote was close, the whisky men winning by a bare majority of 2. There was fully as much interest shown this time, but there had been a considerable change of sentiment, as the vote shows. One pleasant feature of the occasion was that there was very little bitterness or ill feeling shown on either side. Each side seemed earnest and determined, but enjoying pleasant anticipation. It was quite evident, however, to any one so acquainted with the run of things a few days before the election, that Hartford was going "dry." Men who had been considered as "wet," openly avowed their intention of voting for Prohibition, while several whom the saloon men had positively claimed, began to waver. Several "wet" men, seeing the apparent sentiment against them, did not vote at all.

The election passed off quietly and with no belligerent or unpleasant incident to mar the day. There was little dispute of any kind and a good average vote was cast. The saloon men take their defeat gracefully, and only some of the most uncompromising ones show any displeasure. They say they have nothing against the straight-out and open Prohibitionists, but they have a large contempt for those who professed to be "wet" and who joined in their meetings, but who afterwards voted "dry."

With the best of feeling towards everybody and wishing no ill luck of any kind, THE HERALD can truthfully say that it is very glad of the result of the election. It was the only paper in town that championed the cause of Prohibition, and for weeks before the election it kept the matter before the people. We took a course that we sincerely felt to be morally right, and no one can say that we fought anything but a fair fight. We have nothing against the saloon-keepers or their friends. It is the saloons we do not want. Unlike a certain neighboring town that imagined it was a big fight on a wheel, we directed our fight against the saloon and the liquor traffic and not against the people of any faction. The result of the election has demonstrated one thing very clearly. It has shown that the people of Hartford can settle matters that vitally concern them and settle them RIGHT, and still be friends.

We are proud to announce the result of the election to the people of Ohio county, for we know it agrees with the prevailing sentiment of the county. We think we can assure them that Hartford will never again vote saloons back, and we hope to thrive in the midst of a sober, righteous and honest people. And to those who professed sentiments of antipathy toward the town on account of the saloons, we would say that we hope that this objection is now entirely removed, and that they will grant us the full measure of their support, which we have been warned was denied us on account of our group-ohs. We are now a free and united people, and, we hope, enjoying mutual regard of good-will. Let us go on, hand-in-hand, to prosperity.

The State Board of Equalization has completed its work. For this year the assessors made the total assessments \$331,884,046 nearly \$89,000,000 less than the equalized value of 1896, and \$17,500,000 less than the equalized total of last year. The board's work this year results in an excess in additions over reductions of \$20,948,941, making the total equalized assessment for this year \$552,877,967. This total is \$3,457,967 more than the equalized value of last year and \$18,948,789 less than the equalized value of 1896.

Sam Jones at Morgantown.

Morgantown, the flourishing and enterprising capital of Butler county, is to enjoy its first visit from the distinguished preacher and lecturer, Sam Jones, on Friday, July 1st, getting two lectures—one in the forenoon and one in the afternoon.

A large, cool and commodious tabernacle has been fitted up, which will accommodate nearly 2,000 people. A perfect organization has been effected to handle and wait on the large crowd, with an especial view to the comfort and pleasure of all.

Excursions will be run both up and down the river at greatly reduced rates. All of our readers who can attend may find this their best and possibly their last opportunity to hear the world-famous Sam Jones.

BEAVER DAM NOTES.

June 30.—The election on the question of establishing a graded school and tax for support of same went off quietly Saturday last with an overwhelming majority in favor of the school and tax. Messrs. J. P. McKenney, R. F. Hooker, F. O. Austin, H. D. Bush, A. D. Taylor and Dr. J. J. Mitchell were elected to constitute the board of trustees. Prof. E. R. Ray and J. B. Taylor have been re-elected with enthusiastic unanimity to the places heretofore filled by them, namely, President and Vice-President, by the new board. Prof. J. F. Austin, of Butler county, and Ira Petty, of Fordsville, were elected to places in the Faculty. Mention of Prof. Ray and Taylor need not be made, as they are well known all over this part of the State. Prof. Austin has taught in his county under a first-class certificate and graduated with high honors in the senior scientific class at the close of Beaver Dam Seminary, June 3. He is a young man of strong force of character, and is universally popular in his county as a teacher. Prof. Taylor was reared near Fordsville and has also taught under a first-class certificate. He has been a pupil in the Beaver Dam Seminary one year and is one of the very best of students. It will be seen that none but first-class and well-trained teachers have places in our school. Prof. Barnes goes out to take up a medical course of education and Prof. Brown to attend the Vanderbilt University. These gentlemen go away with the best wishes and commendations of the patrons of the school. The outlook is no better than ever for our educational interests. Steps will be taken at once to raise the front part of the school building another story, and when this is done, it will be one of the most slightly and commodious school buildings in this section of the State.

We learned with great satisfaction of the result of the election in Hartford on the saloon question. The saloons must go. They are not what the present age demands. Now let Hartford and Beaver Dam join hands on the "blind tiger" question and they will go. There is no reason for their existence and a united effort from the part of our people will remove this foul blot from our town.

The harvest is great and our farmers are earnestly pushing the work of saving the wheat. No former year in the memory of our people gave such a wheat crop. The rains during the last few days have placed crops in fine shape and the outlook is fine.

Prof. Ray leaves to-day to visit his children in Indiana.

Prof. Barnes and Brown have gone to their homes.

Prof. Cox is canvassing with pianos and organs.

Prof. Waldbold, of Owensboro, is visiting in town.

What Makes Advertising Pay.

(Agricultural Advertising.)

To attract attention to an advertisement is easy enough; but how to take care of this attention when you secure it—that is the question. To offend, to disgust, to disappoint the person whose attention is attracted to your announcement, is to fail utterly. It were better that he had never heard of you or your business. Use any sensible means of attracting his attention, then make sure that you take proper care of it. Use, preferably, an illustration, a catch-word, or a catch-phrase that illustrates or emphasizes some feature of your business; then when you have the reader's attention, tell him just why you are paying out your good money for the privilege of talking to him by means of printers' ink. This is indeed simple enough, but hundreds of advertisers fail to do it.

HOPKINSVILLE, Ky., June 18.—To-night the State Baptist Association, by a vote of 176 to 23, adopted resolutions condemning the Southern Baptist Theological seminary for retaining Dr. W. H. A committee of five was appointed to present the resolutions to the next Southern Baptist convention and urge that body to adopt the resolutions proposed by Dr. B. H. Carroll, of Texas, for the dissolution of its connection with Whitsett.
